**TOBACCO**, the nation is not going to put you in the grave with John Barleycorn, that is, the lawmakers won't run the bluff like they have with John. A questionnaire sent out to editors all over the U. S. A. revealed the fact that tobacco is a real enemy among those who had found that it was an easy matter to be a hog when liquor was around or who had witnessed the havoc it had wrought with those who abandoned self-control and traveled far afield from temperance to self-indulgence. John Barleycorn was relentless with such and made such horrible examples of them to their friends and relatives that they hated the name of liquor and welcomed reformers and their program to drive him from the land. Not so with tobacco, however, for although smoking is an expensive habit and physiologists have been telling us of the evils of nicotine for generations, tobacco has no real enemies, and therefore there is little chance for spellbinders to get people to put up enough money to finance their crusade. A recent questionnaire sent out to editors to sound off the sentiment showed plainly that we may smoke until we die and perhaps afterwards. Let us rejoice, for should we have to have home brewed cigars and tobacco we would have to deprive the chickens of their kale or buy smugglers' prices for a real smoke. Then all the reformers would have another chance to grow rich.

The only real hope of reform, as directed against tobacco, was the all-powerful influence or impetus which big industrial concerns might have wielded in behalf of cutting out tobacco. Anyone who has watched the average workman and the time he wastes filling, lighting and cleaning his pipe would hardly blame the cold-eyed figures of profits for financing a campaign to cut out tobacco, but perhaps it is apparent to them, or at least suggests itself, that tobacco has a sedentary effect which makes for satisfaction and contentment on the job which total abstinence could not rival.

Unlike liquor, tobacco comes pretty close to being fool proof, and those who become cigarette fiends or overstep the good-natured limitations of Lady Nicotine were better withdrawn from the masses and classes, for it is a safe bet that such would contribute little to the welfare or upbuilding of society, even though brought up in a tobaccoless land.

The passing of whiskers as a fashion has made tobacco chewers grow less and less, for with nothing to conceal the tell-tale juice, vanity stepped in and did that which a multitude of laws could never do.

The automobile is playing its part in cutting down smoking, and the general growth of temperance where not interfered with by unnatural restrictions, such as prohibition, is having the desired effect toward the golden mean, which is the only end toward which any sane nation should direct its destiny.

The spectacle of the U. S. A. trying to sail into the millenium over the illicit rum route is enough, without sticking up the "We Don't Smoke" sign, while a blue and jazzy tell-tale haze and smell of burning rags from every keyhole would nettle the most astute American hypocrite as he sought to explain it. Better a little smoke and the acknowledged fire of a cooling imperfection than the present attempt at law-made virtue and the travesty on prohibition.

**A PRESS** release from Los Angeles urges the chairman of the board of supervisors of Los Angeles county as a candidate for Governor of California. The report states that James D. Phelan, ex-United States Senator, may be the Northern California candidate. We hope that Phelan is considering it. He would make a governor such as the people of California really want. He is a broad calibered man of national prestige and thoroughly conversant with the Japanese issue as it effects the Pacific Coast. With Phelan as governor the eyes of the U. S. A. would be focused on California.

**VOTE** for the High School bonds and let the taxpayers pay for something of which they can be proud and which will be productive of results. Sonoma in the past has been penny wise and pound foolish, or coming right down to brass tacks, we have really been pound foolish and not wise at all to sink the money we have in the old high school plant. We can finance a new one. We need it. We want it. We will have it on June 27th. Vote the bonds and let us make it a landslide, that we may tell the world of the new spirit in old Sonoma.

**DISARMAMENT** talk, splendid and ideal as it is, seems to be prophetic of a war cloud to those who recall the wonderful sentiment for peace which seemed about to paint the firmament in radiant hues just about the time grim clouds of the world war lowered.

**ATHLETICS** for women are becoming too strenuous, say authorities on the subject. They urge old-fashioned exercise—yes, with the broom, mop and fly swatter or light employment, such as going through hubby's pocket (not hip pocket).

**A FARM** adviser or no farm adviser is the problem confronting our supervisors. The real farm adviser is the farmer voter. We'll see how he advises our supervisors.

## NEVADA COUPLE SPEND HONEYMOON HERE

Mr. and Mrs. John M. Sweeney, of Nevada, whose wedding was a social event in Washoe county on the 1st of June, came to the Valley of the Moon to spend their honeymoon. They were guests of Mr. and Mrs. W. L. Murphy while here.

Mrs. Sweeney was formerly Miss Edna Heinz of a pioneer Nevada family. Her father was a former associate and old-time prospector with P. M. "Borax" Smith. The wedding of Miss Heinz and Mr. Sweeney was celebrated at the 1600-acre ranch near Reno, Wednesday of last week, in the presence of many friends and relatives. The hospitable home was decorated beautifully and under a large white wedding bell the young engineering and his fair bride were united in marriage by Rev. M. Howe of Reno. M. Donnelly of Tahoma, Washington, was best man and Miss Louise Heinz, bridesmaid. The bride wore a becoming gown of gray crepe de chine and was given away by her mother, Mrs. Minnie Heinz.

After the ceremony there was an elaborate wedding dinner, followed by dancing.

A big delegation of friends accompanied the happy couple to Reno, where they boarded a Pullman for San Francisco.

Mr. and Mrs. Sweeney spent several days here, going later to San Francisco. They will reside in Nevada. The bride is a girl of beautiful traits of character and is beloved by all who know her. She was raised on the big cattle ranch owned by her folks in the Sagebrush State and has been acting postmistress of the postoffice there, named after the family.

## Recent Report of the Marketing Committee of Calif. Cattlemen's Assn.

Grass conditions—Parts of San Diego, Kern County, Santa Barbara County, Fresno County and San Luis Obispo County, below normal. The central and northern part of the State exceptionally good grass conditions prevail.

Fat cattle—Southern California at least 50 per cent shortage. Central California at least 25 per cent shortage. Northern California normal. There will be no surplus beef this year. The average monthly consumption is approximately 41,000 head.

Beef supply in adjoining States—Texas 40 per cent shortage. Arizona, feed very short, necessitating shipping out 100,000 head of feeder steers, a large percentage going to Montana. Wyoming, 50 per cent shortage. Idaho, 25 to 40 per cent shortage. Oregon, 25 per cent shortage. Advice from outside markets north and east, point conclusively to higher prices in the immediate future. This will enable California to ship out beef cattle if it is found advisable.

The consensus of opinion is that the cattlemen of the State will be paid 7c for cows and 8 1-2c for steers, when cattle are located within a \$5.00 freight rate. If they stick.

Consignment of cattle—Very few cattle are being sent in to be killed on commission. Never send in cattle on consignment. Sell your cattle f. o. b. ranch or shipping point.

## The Most Important Dance of the Year

Tuesday, June 14th, is Flag Day. The business men of the city will close their stores during the afternoon. At night the biggest dance of the season will be held at the Woman's club house. This is to be a booster dance for the new high school building. Can any cause be more worthy of Flag Day than that of the education of future citizens? The decorations will be patriotic and interesting. Inspiring music is to be furnished by the high school jazz orchestra. Those who have once danced to this music are always ready to try it again.

The proceeds will be used to help the high school campaign for the new building. No one can afford to miss this dance. Be patriotic for both nation and town. Help boost the new high school.

Miss Annot of the local High School faculty will teach in Sacramento next term.

## SACRED CONCERT TOMORROW NIGHT

At 8 o'clock, the coming Sunday evening in June, at the Congregational church, the choir will give the last of the concerts before the summer vacation begins. The program will be as follows: Hymn, congregation; Scripture reading and prayer, Rev. I. Cookman; violin solo, Mr. F. Knolle; solo, Mr. F. Giorno; anthem, "The Spacious Firmament" choir; vocal duet, Mrs. and Miss Bancroft; offertory, Miss Emilie Poppe; hymn, congregation; ten-minute talk, Rev. Cookman; two-part song, Mr. and Mrs. R. A. Dow and Miss Pettit; violin solo, Mr. F. Knolle; vocal solo, Mrs. H. Watters; chorus, "Master, the Tempest Is Raging" choir; violin solo, Mr. F. Knolle; hymn, congregation; benediction, Rev. I. Cookman; postlude, Miss Emilie Poppe.

Application has been renewed for the auto bus line between Sonoma and Petaluma. The poor condition of the roads had caused the promoters to delay the beginning of the service, which will no doubt bring many people here from the Egg City for recreation.

## IMPORTANT ENDORSEMENT OF NEW FERRY SERVICE

Additional proofs that the efforts of Golden Gate Ferry Company to establish adequate automobile ferry service between San Francisco and Sausalito are being approved, is contained in the following resolution passed by the Civic League of Improvement Clubs of San Francisco, an organization composed of more than seventy leading civic and development clubs and associations:

Whereas, There seems a great public demand for this additional ferry service, which will open up to more direct communication with our city all of the northern coast counties;

Whereas, Much of this traffic, with its entailing trade, legitimately belongs to the people of the City of San Francisco, and which is now being diverted to other communities to the detriment of and at the expense of our industrial and commercial community; therefore be it

Resolved, That the Civic League of Improvement Clubs and Associations does hereby approve and endorse the establishment of a new ferry line from San Francisco to Marin and other northwestern counties by the Golden Gate Ferry Company or any other corporation which is prepared to establish and furnish such additional ferry service as a great public convenience and necessity, and making for closer and more direct communication between San Francisco and the northern coast counties of the State of California.

Earl Coving of New York has been visiting at the Peterson home. Mr. Coving took a trip last Sunday to Armstrong Woods and the Petrified Forest. He is much enthused over Sonoma county. He and Walter Peterson are friends in Point Richmond.

The European artiste will be assisted in her entertainment by Henry Weber, tenor, Nick Wirtz, violinist, and the Syncopated Four.

Miss Emily Poppe, at the piano, will be the accompanist for the rhythmic dances.

A serpentine and confetti dance, in which all may participate Mardi Gras style, will conclude the evening.

The following children and pupils will appear on the program: Margaret Shaw, Jean Tate, Temple Clewe, Billy Clewe, Margaret Cereghino, June Picetti, Elizabeth Tucker, Countess Prestwood, Virginia Lowell, Isabelle Bridges and Elizabeth Arriola.

## DEATH TAKES MARGARET GOUGH, SONOMA PIONEER

Worry Over Loss Due to Frosted Vineyard Brought On Mental Trouble, to Which She Succumbed.

Mrs. Margaret Gough, a pioneer mother and resident of Sonoma, died in a hospital in Napa county following four weeks of illness, during most of which time she was unconscious. Brain trouble, thought to have been caused by a visit to Sonoma valley and the discovery that the vineyards had suffered damage by frost, is believed to have caused the condition which resulted in the patient's removal from the home of her daughter in Berkeley to the hospital. It is reported that Mrs. Gough became quite violent and attacked her daughter, who was at once advised by physicians to take her to brain specialists. She became calm for a period, but later lapsed into a coma.

Deceased was a native of Ireland, aged 72 years. She came to Sonoma many years ago, and, with her husband, the late M. Gough, acquired the fine vineyard property, which in recent years has made the family well-to-do. Mr. Gough died last year and his estate is still in probate.

The funeral of deceased took place here last Sunday from the Bates undertaking parlors and thence to St. Francis church. The interment was in the Catholic cemetery. Surviving the mother are four daughters, Mattie, Annie, Mazie and Blanche. Two children, John Gough and the eldest daughter, Lily, passed away some years ago.

The Methodist Ladies' Aid will meet in the church parlors Thursday afternoon, June 16th. A good attendance is desired.

Miss Anna Bolin and friend, Miss Olga Hansen were here from San Francisco recently visiting friends.

A W. Adler is to make improvements at the cigar store and pool room known as the De Lux and conducted by Tony Franchese.

A runaway team attached to a hay rake at Tubbs Island ranch caused painful injuries and a badly lacerated hand to an employee named Monroe. He was brought here for treatment one day last week.

## TIRES AND TUBES CHEAPER

READ!  
Letter No. 2.

Dear Sir:  
Goodyear Tire prices are lower, but the quality of the tires is even better than ever before.  
The substantial reduction in the price of Goodyear Cord and Fabric Tires and in Goodyear Tubes is an economic move in accordance with the trend of the times.  
And along with this price reduction comes an even better quality tire—better in respect to both material and construction.  
You cannot do better than purchase your Goodyear Tires now, at these reduced prices, and insure for yourself the lowest possible cost per mile.

Very truly yours,  
**BUSBY & COATES.**

Frank and Jesse Burris motored to Kings county Thursday last week, returning on Sunday. They went down on business connected with the settling of the estate of the late Julia Burris.

## VINEBURG NEWS

Captain Peter Bosch, Chas. Potter and Grover C. Rubke, accompanied by Mesdames Bosch, Potter and Rubke, attended the Masonic installation at Napa last Tuesday evening, and all report a pleasant time.

Miss Minnie Madden, the chief civil lady engineer of Vineburg, says she cannot see why Sonoma city trustees are always quarreling about their streets and the kind of pavement they want. She says that in Vineburg we have no trouble about our streets. The county engineer attends to that.

Lotus Marie, our popular citizen and well known all over the Valley of the Moon, has his ice cream and soft drink parlors fitted up to date, and that is one want long felt in Vineburg.

Mr. E. T. Casson, Mr. and Mrs. Fred Batto, Frederick Jr., Herbert John Batto started on an auto trip to the Summit on Friday and expect to be gone several days.

Mr. and Mrs. P. Monson and family of North Vineburg were the week end guests of Mr. Monson's brother, O. Monson, a prominent builder and mill man of San Francisco.

Mr. and Mrs. C. Ruina and family of Napa were visitors here Sunday.

Mrs. David Volquardsen, accompanied by her charming daughter, Miss Helanie, departed on Sunday morning's train on a visit to friends in the metropolis.

Ten straight loads are in transit for Batto's spur for June, composed of grain, mill feed and merchandise. Four have arrived to date.

Harvesting of grain has started in this part of the valley and from reports the yield will not compare with last year's crop but will be of fine quality.

Every one of our farmers is busy, now making and baling hay, while the orchard men are disposing of their cherry crop.

Howard Knight of Schellville was transacting business in this vicinity on Tuesday last.

Mary Batto is the guest of friends in the metropolis this week.

**GLEN ELLEN GLEANINGS**  
Mrs. W. C. Wilson and her mother, Mrs. E. F. Kreiss, of Glen Ellen, motored to San Francisco last week end and brought back with them on Sunday evening Mrs. H. L. Dickson and J. A. Boardman, mother and brother of Mrs. Kreiss, and Mrs. Sarah Convey, Mr. William Convey Jr. and Mr. Henry Kaueher. All guests returned to the city early in the week with the exception of Mrs. Dickson and Mrs. Convey, who will visit a couple of weeks in the Valley of the Moon.

The usual Memorial Day services were held at Eldridge this year in the cemetery there. Dr. Butler addressed the children, after which they scattered flowers on all the graves.

There was also a short program, consisting of a vocal solo, "The Requiem," by Mrs. W. C. Wilson; "The Battle Hymn of the Republic," by the choir, and a trio, "Tenting on the Old Camp Ground."

The State Superintendents of Institutions are in session at Eldridge over this week end. Many noted state officials are present.

M. Julien, former grocery man passed away Thursday last week.

It is rumored that Mrs. Olive Domeniconi was granted a divorce from her husband last week. She was formerly Miss Olive O'Donnell.

Wedding bells are shortly to ring out for Shirley Weise and Miss Myrtle Minkel.

Dr. and Mrs. Rogers (Perle Allen)

Local members of the Scouts went to San Francisco last Saturday night for a big time given by the Scouts of that city. Among the prominent participants were James Gottenberg, E. C. Coates, Dr. Burnett, Ed Clements, "Pop" Ibbard and Cy Shepard.

## Gorgeous Mt. Rainier

Mount Rainier is 14,408 feet above the sea-level—the second highest mountain peak in the United States. It is the center of Rainier National Park, Washington—and is situated about seventy-five miles by road east of Tacoma.

This remarkable mountain is of volcanic origin and is now crowned with snow and ice, having the most extensive glaciers to be found in the United States.

The National Parks Highway leads directly from Tacoma to Rainier National Park, and at Longmire Springs—within the Park boundaries—is a Standard Oil service station ready to serve motorists with Red Crown Gasoline.

Wherever you tour in Washington you will see the Red Crown sign on service stations and garages. It is the sign of quality in gasoline.
